

## TRANSFORMING BUXAR RAILWAY STATION UNDER THE AMRIT BHARAT SCHEME

*Buxar Railway Station is undergoing a world-class facelift worth ₹130 Crore under the Amrit Bharat Station Scheme with the Detailed Project Report (DPR) submitted for final execution.*

### **Key Milestones Secured :**

**Airport-Like City Centre:** Transformation of the station building into a multi-tiered public hub featuring global-standard architecture, local cultural elements, food courts, shopping complexes, and budget hotels.

**Upgraded Passenger Infrastructure:** Expansion and widening of platforms, inclusion of modern high-capacity waiting halls, and construction of wider, high-clearance Foot Overbridges (FOBs) for fluid crowd management.

**Massive Zonal Land Expansion:** Strategic expansion of the railway footprint from Itarhi Crossing (East) to Nokha Mill (South) and Pandepatti (West) to Railway Crossing (North) to build large, organized parking bays and commuter transit zones.

**Cross-Border Interstate Rail Connectivity:** Successful push for the strategic Bhadaura–Gahmar and Dildarnagar link to Ghazipur, building a direct, high-speed rail corridor over the Ganga to seamlessly connect Buxar commuters with eastern Uttar Pradesh.
